RE: PREPARATION GUIDLINES FOR COCKROACH EXTERMINATION #2

Advanced Pest Control will be servicing your premises for the control of cockroaches on _____ . Be ready to vacate the premises for 4 hours at _____ until _____

The following preparations must be done **BEFORE COCKROACH TREATMENT**

KITCHEN; All items must be removed from kitchen cabinets and counter tops. Place items on living room floor and cover with a sheet. All open boxes of food products like pasta, rice, cereals, etc. must be sealed or stored in sealed containers. All dishes must be washed after each time you use them. Do not leave oils or open food in the cupboards or on the counter tops. Wipe counter tops 3 to 4 times a day.

WASHROOMS; Remove all items from top and in washroom cabinet and store in the bathtub.

GENERAL; We must have access to all heat pipes entering walls in complete premises. We must have access of 1 to 2 feet along all baseboards in complete premises. The fridge and stove must be pulled out and the areas in behind the fridge must be cleaned. Inside the stove and the stove top must also be cleaned on a daily basis. Remove all electrical covers in the kitchen, washroom(s) and other infested area's.

RE-ENTRY; Wash counter tops and table with warm water and soap. Keep all food products sealed or in sealed containers. Keep counter tops and dishes clean before the end of the day. Line the inside of the kitchen cabinets with newspaper. All dishes must be put in a upright position. Do not clean inside kitchen cabinets, vanity or along baseboards for 30 days.

2nd application will be _____ at _____
